NEW AND COSTLY EXTENSIONS TO BE MADE AT DONORA STEEL PLANT

Announcement Made of Coming Improvements by U. S. Steel Corporation

COMPLETING SPELTER PLANT

Three Furnaces Finished—Sum of 750,000 to be Spent—Much Ground Purchased Recently in West Columbia.

Announcement was made Friday of extensions costing $750,000 that will be made within the next few months to the Donora plants of the United States Steel corporation. The extensions will consist of three additional open hearths and a 1,000 ton mixing furnace, together with an additional furnace in the blooming mill and four soaking pits. Works is to be started immediately. The Steel Corporation will do the work themselves with sub-contracts. J. B. Clark is the superintendent at Donora.

At the present time a large spelter and zinc plant is being completed at Donora by the Steel corporation, work having been rushed on it within the last few months with crews of men working day and night. In all 2,000 men have been employed on this construction work. Some time after the first of the year it will be finished. About three weeks ago the first of the ten furnaces was completed and immediately blown in. Since two other furnaces have been finished. At Donora now are employed from 5,500 to 6,000 men and the increases now under way will bring more there. Housing of workmen is a problem that the real estate dealers are frantically trying to cope with and Monongahela, Eldora, Charleroi, North Charleroi and other nearby towns are benefitting from the sudden influx.

Considerable ground has lately been purchased by the Steel corporation in what is known as West Columbia. Practically every lot between the Pennsylvania Railroad lines and the Monongahela river has been purchased until the corporation has a

REV. DR. CHARLES PROMISES TO REMAIN HERE WHILE LONGER

Pastor of French Presbyterian Church Acquiesces to Wishes of His Congregation and the Presbytery.

Rev. J. E. Charles, Ph. D., pastor of the French Presbyterian church who some time during the last summer tendered his resignation to his church and who intended to leave in October has consented to remain with his congregation a while longer. He has not been able to resist the urgent solicitations of his people and the presbytery of Pittsburg.

Dr. Charles began on the first of October the eighteenth year of his ministry in Charleroi.

BAND OF THIEVES WORKING VALLEY

Believed to be Using Automobile in Robberies Near Monongahela

LATEST ONE NETS THEM $125

What is believed to be an organized band of burglars appears to be operating in the Monongahela valley, using it is believed an automobile. A short time ago six houses at Mongah were entered and money and jewelry were taken. The tracks of an auto were discovered the next morning. Sunday night or early Monday morning the residence of M. S. Warne in Monongahela was entered and watches and clothing taken. On the same night the home of Alexander Houston, who conducts a grocery store in Pangburn Hollow, a short distance from Lock No. 3 in Forward township was entered and about $125 in money stolen.

The burglars entered Mr. Houston's bedroom and took the money from his trousers' pocket. A gun which was in the room was carried down stairs and left in the kitchen. A gold watch lying on a stand in the room was overlooked.

Neither of the two inmates of the house heard the burglars and now believe a sleeping potion was used. An entrance was effected by forcing a window. It is owing to the apparent quick escapes made and the ability of the burglars to get to one or more places in one night that leads officers to the belief that an automobile is being used.

DEFENDANT HAS THAW DISEASE, SAYS DOCTOR

Riley Fleming is a Paranoiac Like Harry Thaw, Says Washington Physician in Testimony ---Charleroi Man on the Jury

Riley Fleming, commonly known as "Jinks" Clark, a Washington tailor, placed on trial Friday for killing his wife, Oscea Ola Fleming, at the Fleming home in Bellvue, adjoining the borough of Washington, on September 8, 1915, is a paranoiac according to the testimony of Dr. H. H. Edwards, Washington physician, one who had made an examination and test of the condition of the defendant. This examination was made by Dr. Edwards and Dr. J. H. Shannon. Dr. Shannon will be called.

Dr. Edwards said, in answer to a question on cross examination, that the defendant was suffering from the same disease with which Harry K. Thaw suffered. On cross examination District Attorney Miller put the physician through a rather severe line of questioning as to the doctor's knowledge of different forms of insanity and on what he based his conclusions in the case on trial.

In that same indifferent manner that seems to be characteristic of his life, the defendant stood before the bar of justice, heard the indictment read that charged him with the death of his wife. In a clear voice, when asked if he was guilty or not guilty, he replied "Not guilty."

The case was called Thursday afternoon, but on account of there being only 27 jurors present, in addition to those out in two other homicide cases, the calling of the jury was postponed until Friday. Of the 12 selected to sit in this case only two have sat on other homicide cases during the week. The 12 who will hear the evidence in the case on trial include Carroll Cummins, bookkeeper of Charleroi.

FEDERAL ACTIVITIES SURPRISE UNIONTOWN

The news that reached Uniontown Friday that the Department of Justice at Washington, D. C., was preparing to institute criminal prosecutions to determine whether J. V. Thompson, former president of the First National Bank of Uniontown, had violated the national banking laws in connection with the closing of the bank last January was a rude awakening to creditors of the former banker and coal land operator. That federal action was contemplated was a shock to many creditors. To attorneys of the Fayette County Bar Association it was known the government had prepared indictments to present to the federal grand jury in Pittsburg. They also knew of the request made which the Department of Justice granted to a local committee of attorneys to delay action in order that a permanent creditors' committee might be organized for Thompson to turn over his properties to.

So carefully were the activities of the government guarded by these attorneys that Andrew A. Thompson, a son of the banker, did not know the real situation until early this week. It came to him as a shock.

A prominent attorney, familiar with the activities of the government in preparing the criminal cases, said that he did not believe that the committee which conferred with Assistant Attorney General Charles Warren at Washington on Thursday,

FOOTBALL CLASSIC AT PITT ON THANKSGIVING

All attendance records for football in western Pennsylvania will probably be broken Thanksgiving day when the crack Pennsylvania State College eleven clashes with University of Pittsburg in the final game of the year in the Steel City.

Pitt eners the game without a single defeat chalked against her varsity while State's record is almost as good. The Center county team has won from Lafayette, Lehigh, Pennsylvania and other crack teams and only lost to Harvard by a close score. Those who witnessed the game with Harvard claim that State really had the best of the argument and with any kind of breaks would have been recorded a victor.

A victory over Penn State means much to the Pitt team as the football experts cannot, in that event, do worse than give Pitt an even break with Cornell for the Eastern college championship. Pitt has won for two straight years over State and are the game this year a slight favorite.

Pitt should be able to present its full strength against State and Coach Glenn Warner, while anticipating a hard game, expects to close the season without a defeat. Capt. "Chalky" Williamson will play his last game for the Blue and Gold at quarterback and the other backfield positions will likely be held down by Hastings, Fry, McLaren or DeHart. McLaren's great work in the Carnegie Tech game seems to have assured him a regular berth although it is

DELIRIOUS ACTRESS LEAPS FROM WINDOW; HER DEATH NOW FEARED

SMALL BLAZE OCCURS; HIGH WIND CAUSES MUCH FRIGHT

Chicken Coop Burns in Down Town Section—Firemen Keep Flames From Going Farther.

Fears of a disastrous blaze because of the high winds were pronounced this morning when at 2 o'clock an alarm was turned in for a fire at the rear of 534 Fallowfield avenue. Fears were groundless however, for the fire was only at a chicken coop and was easily controlled in spite of the wind by the firemen. Water was turned on after their prompt arrival with the fire truck and the blaze drenched. The shed was destroyed, but its value was slight. Had the firemen not been prompt in getting to the scene, with the wind and all, a decidedly dangerous conflagration might have resulted for the blaze would easily have advanced to adjoining places.

SENTENCES TO BE IMPOSED MONDAY

Kolbos and Markovik, Convicted of Murder to Get Prison Term

BOTH EXTREMELY YOUTHFUL

Fred Kolbas, indicted for the killing of M. Cohen at Marianna and Costa Markovick, indicted for the killing of Milan Marunich at Cokeburg, both convicted of second degree murder will be sentenced for their crimes next Thursday. The juries found them guilty Thursday. They were remanded to jail for sentence. Both face long terms in the penitentiary, the maximum being 20 years. Kalbos is just 18 years of age and will be close to 30 before he may secure his release. Markovich is also a young man, probably between 25 and 30 years of age. He will be in middle life before he may leave his prison quarters.

Kolbos was one of six men alleged to have been implicated in the murder of M. Cohen, a Marianna merchant, on the night of May 16, 1915, and the only one of the party arrested. The commonwealth fought hard for a first degree verdict, basing their claim upon the fact that the murder of M. Cohen was committed in an attempted robbery and burglary of the Cohen home and store. The defense endeavored to show that the defendant had nothing whatever to do with the death of M. Cohen.

Member of Stock Company Playing at Monongahela Nearly Ends Life

WORRY THE SUPPOSED CAUSE

Girl Said to Have Brooded Over Criticism of Her Work—Performance of Friday Evening Has to be Cancelled.

Believed to worried herself into illness over the idea that she was a failure in her work, Miss Eva Marsh, aged about 23 years leading lady with the Boyce Stock company now playing in Monongahela about 10 o'clock Friday night jumped from a window on the third floor of the Commercial hotel, Monongahela to the sidewalk below, suffering a fractured skull and other injuries which it is believed, will prove fatal. The young woman was rushed to the Memorial hospital where everything possible is being done to save her life. Her condition is critical. The full extent of her injuries has not yet been ascertained.

The Boyce Stock company, of which Miss Marsh was the star, opened in Monongahela Thursday night for a winter's engagement. The play was "Fine Feathers" and Miss Marsh showed considerable power as an emotional actress. Friday morning she asked the owner and manager of the company, Frank Boyce, what he thought of her work and was told her work was going well but that her work was slightly erratic, inferring that she carried her emotional part to an extreme in some places.

The young woman was cheerful enough early in the day, but later seemed to be brooding over the remark of the manager. At dinner Friday evening she collapsed and was taken to her room. There she

FACTS AND IFS

Farmers in Freehold, New Jersey recently were selling their potatoes for sixty-five cents a barrel. They had paid for seed, fertilizer, cultivating, digging, picking, barrels, commission merchant's profit, the railroad freight, paris green for the bugs, rent, if they have a landlord, interest on the mortgage if they haven't a landlord, renewals on farm machinery and road tax school tax, other taxes and repairs on farm buildings, says the Cleveland News. After that there was not a great deal left. That is to say, there was an absolute loss of about forty cents on every barrel that the farmer raised for the benefit of the community.

Near Freehold, New Jersey, is a great city of five millions. There are many there that would be happy if they could get potatoes to eat at at sixty-five cents a barrel, or seventy-five cents, a dollar or a dollar and a quarter. But they can't.

At Asbury Park, east of Freehold in the same blessed farming state, they were selling peachers for forty cents, thirty cents, twenty-five cents and ten cents for a basket of sixteen quarts. They threw away and allowed to rot a great many peaches because they could not sell them at all.

The owner of the peach orchard orchard pays for the automobile truck to take his peaches quickly to the market, he pays five cents each for baskets, five cents a basket for picking, pays for pruning, cultivating, "boring," spraying and the rest of it. He is able to sympathize with his neighbors who raise potatoes.

There are a great many families with children, many hospitals with patients, many millions of Americans that would be glad if they could get sixteen quarts of peaches for ten cents, twenty-five cents, and forty cents, or fifty cent—but they can't.

This country has many millions of human beings cooped up in cities that would like to get on the land. It has many millions of acres going to waste.

Apparently the millions will continue to be cooped up in the cities and the millions of acres will continue to be waste land. For if the farmer, knowing his business, hardened to disappointment, finds it hard to keep afloat, even in this land of blessed peace and great prosperity, what chance would the inexperienced man from the city have?

Some day it will be someone's business to arrange markets and methods of selling that will give to the city's millions the benefit of reasonable prices and give to the farmers a fair part of the fair price that the cities are willing to pay.

Life in the country could be made infinitely more profitable, life in the city happier and less expensive if it was the business of anybody in office to look after the two great masses of the population—the farmers and the city dwellers. But it isn't anybody's business—AS YET.

Within the next few months two steel concerns and a woven wire mill will spend in the immediate vicinity close to one and one-half millions in extensive additions and improvements. The biggest proportion of this goes to Donora, where the United States Steel corporation is engaged in constructing immense new plants. Monessen will get the next, the Independent Pittsburg Steel company having started the erection of two open hearth plants and the Page Woven Wire Fence company having arranged for increases. Such news as this is the most positive indication we could have of bettering t mes not only in the Monongahela valley but in all central America. Labor is scarce here, because the jobs are too numerous for the number of men there are to fill them. The same condition applies elsewhere. The room is here, but how are we to take care of t

When the engagement of President Wilson and a estimable lady of Washington was announced an individual under the civil service rules in a middle state offered immediate criticism of the president. He was specific, and didn't bother criticising the mistakes of the administration, but the president's domestic affairs. Such criticism is to say the least exceedingly tiresome and that of a thoughtless person. The president's personal affairs are none of the affairs of any man, though he is in the most public position in the land, but administration affairs are public.

PICKED UP IN PASSING

Mr. Tompkins was obliged to stop over night at a small country hotel. He was shown to his room by the one boy the place afforded, a colored lad.

"I am glad there's a rope in case of fire," commented Mr. Tompkins, as he surveyed the room; "but what's the idea of putting a Bible in the room in such a prominent place?"

"Dat am intended foh use, sah," replied the boy, "in case de fire am too far advanced foh yo' to make yo' escape, sah."

A citizen of a southern town entered thecorner grocery and found the proprietor buried in thought. Naturally he wanted to know what weighed so heavily on the storekeeper's mind.

"Mrs. Jones was just in here," explained the corner groceryman, with a sad sort of a sigh, "and she told me that I ought to rename my scales the ambuscade brand."

"She did, did she?" returned the other, wonderingly. "Well, what of it?"

"What of it?" was the startling rejoinder of the groceryman. "Why as soon as she had gone I looked up the word 'ambuscade' in the dictionary and found that it meant to 'lie in weight.'"—Philadelphia Telegraph.

A WOMAN'S BACK

The Advice of This Charleroi Woman Is of Certain Value.

Many a woman's back has many aches and pains.

Oftimes 'tis the kidneys' fault.

That's why Doan's Kidney Pills are so effective.

Many Charleroi women know this. Read what one has to say about it:

Mrs. Fred Jackson, 207 Prospect avenue, Charleroi, says: "About five years ago, I was troubled by a constant backache. If I did a little extra work, the pain in my back was intense. I didn't rest well at night and got up in the morning lame and stiff. If I stooped, sharp pains caught me and I could hardly straighten up. I also had rheumatic pains in my back and arms. I couldn't do my sweeping. Dizzy spells and hot flashes bothered me terribly. As Doan's Kidney Pills had been used in the family, I got a box at Piper Bros.' Drug Store and began taking them. One box practically cured me."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Jackson had. Foster-Milburn Co., Props., Buffalo, N. Y.

WEATHER UNLIKE ANY SINCE 1875, OLD TIMES REMARKS

Virtually No Cold Spell Until Present Time, Though it is Now Well Into Winter.

According to an old resident this fall's weather has not been equalled since 1875 and is not unlike that of this date.

Although it is now well into November, there has been virtually no cold weather until now. Last month there were one or two sharp days, but for the most part the temperature has been mild and moderate.

The autumn has been unusually dry. For a time forest fires threatened to do some damage, but the hard rains recently dampened the underbrush and checked those blazes which were making some headway in the mountains.

It is known that the assistant attorney general questioned the Fayette county committee closely on the possibility of a nearly organization of a permanent creditors committee to dispose of the Thompson properties for the benefit of his creditors.

Each day attorneys are engaged by foreigners to bring suit against Thompson, F. M. Semans, assistant cashier of the bank and I. W. Semans, a local coke operator. These foreigners were all former depositors at the Thompson bank and thought they had savings accounts with the bank.

When the bank closed they were surprised when told by the clerks of Receiver John H. Strawn that they did not have any account at the bank, but that they held promissory notes of Thompson, or I. W. Semans, or F. M. Semans. These notes are for amounts from $500 to $4,000. Nearly 200 suits will be instituted next week to recover on these promissory notes.

Activities of Women.

Women in Germany are now being given military training.

The pulse in women is from one to five beats higher than in men.

Because his wife moved 39 times in 10 years, E. T. Turner of Camden, N. J., is seeking for a divorce.

Four policewomen have been appointed in Pittsburgh to censor all magazines sold in that city.

For conspicuous bravery in the performance of duty, Mrs. Isabella N. Goodwin, a police matron, has been placed in the honor regiment of the New York police force.

Miss Rose Pitonoff of Dorchester, Mass., was the first swimmer of either sex to cover the 12 miles between Charlestown bridge and Boston, although many famous home and foreign watermen had previously attempted the feat.

Women are now being employed in all the large factories in England where munitions are manufactured.

A woman must be between the age of thirty and forty to be eligible to appointment on the Chicago police force.

Miss A. Florence Yerger, Philadelphia's most successful woman lawyer, has more business than she can handle herself and has been compelled to open three offices in different parts of the city.

Since the dominion of Canada was created forty-one years ago there have been only 443 divorces granted, while in the United States in the same period of time the courts have dissolved 1,274,341 marriages.

The announcement of the improvements at Donora follows closely an announcement of similar developments made within the last few days at Monessen. At Monessen the independent Pittsburg Steel company is starting construction work on the erection of two additional open hearths, to complete the battery of the ten originally planned. Five or six months will be taken in their erection. These improvements and additions will cost aproximately $500,000.

Costly improvements are contemplated by the Page Woven Wire Fence company at Monessen it is stated, but public announcement is being withheld of the intentions of the company for a few weeks.

Members of the company remained in the room with her until about 10 o'clock when one of them the only one in the room at that time left to find some one who would stay the remainder of the night. During the absence of the watcher, Miss Marsh took her probably fatal leap. Whether she was delirous at the time or whether the act was deliberate is not known.

Miss Marsh's home is in Brooklyn, N. Y. It is believed that her name is a stage one. Efforts are now being made to find her relatives, if she has any.

A new leading lady will come and the stock company will continue its engagement.

FIRST DOSE ENDS INDIGESTION, HEARTBURN, OR GAS ON STOMACH

People with weak stomachs should take Tonoline Tablets occasionally and there will be no more indigestion, no feeling like a lump of lead in the stomach, no heartburn, sour risings, gas on stomach, or belching of undigested food, headaches, dizziness or sick stomach; and beside what you eat will not ferment and poison your breath with nauseous odors. All these symptons resulting from a sour, out-of-order stomach and dyspepsia are generally relieved in five minutes after taking Tonoline Tablets.

Go to your druggist and get a box of Tonoline Tablets and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are not going to be any more bad nights and miserable days for you. Tonoline Tablets freshen you and make you feel like life is worth living.

For women who can never appear stylish in anything they wear because of their thinness this remarkable tratment may prove a revelation. It is beauty maker as well as a form builder and nerve strengthener.

Tonoline Tablets cost $1.00 for a 15 day's treatment. At druggists or mailed by American Proprietary Co., Boston, Mass.
